2016 Iran-Japan International Workshop on Isotope Geology

The University of Kurdistan, and Nagoya and Kwansai Universities (Japan) are proud to organize the "2016 Iran-Japan Joint International Workshop on Isotope Geology". It is our great pleasure to invite you to attend in this workshop.

The workshop date: October 1 & 2, 2016.
Location: University of Kurdistan (Sanandaj)
The following programs are running during the two day workshop:

General introduction to the workshop

I. Isotope Geology and Geochronology

- Basic of radiogenic isotope and geochronology
- Advanced technique of geochemical analysis

Count down
58 Days 15 Hours 1 Minute 41 Seconds until conference start

Workshops

- 2016 Iran-Japan International Workshop on Isotope Geology
